NEW MPI 1005 SUPERCAST EASY APPLY RS™ LAMINATED WITH DOL 1360

Stretch Your Imagination More Than Ever With Our Enhanced Conformable Supercast Film Series.

MPI 1005 Supercast Easy Apply RS™ films provide improved conformability along with easy application and long-term removability. Combined with our DOL films, you'll achieve great printability and colors that pop.

Key Features:

- **Enhanced conformability** provides resistance to tenting and lifting
- **Expanded color gamut capability**
- **High gloss and smooth face** make images and colors pop
- **Easy Apply RS™** technology

Benefits:

- **Faster, easier installation**
- **Stays down over complex curves and rivets**, improving long-term look of graphics
- **Image consistency with no costly reprints**
- **Smooth, paint-like finish**

ENHANCED CONFORMABILITY
